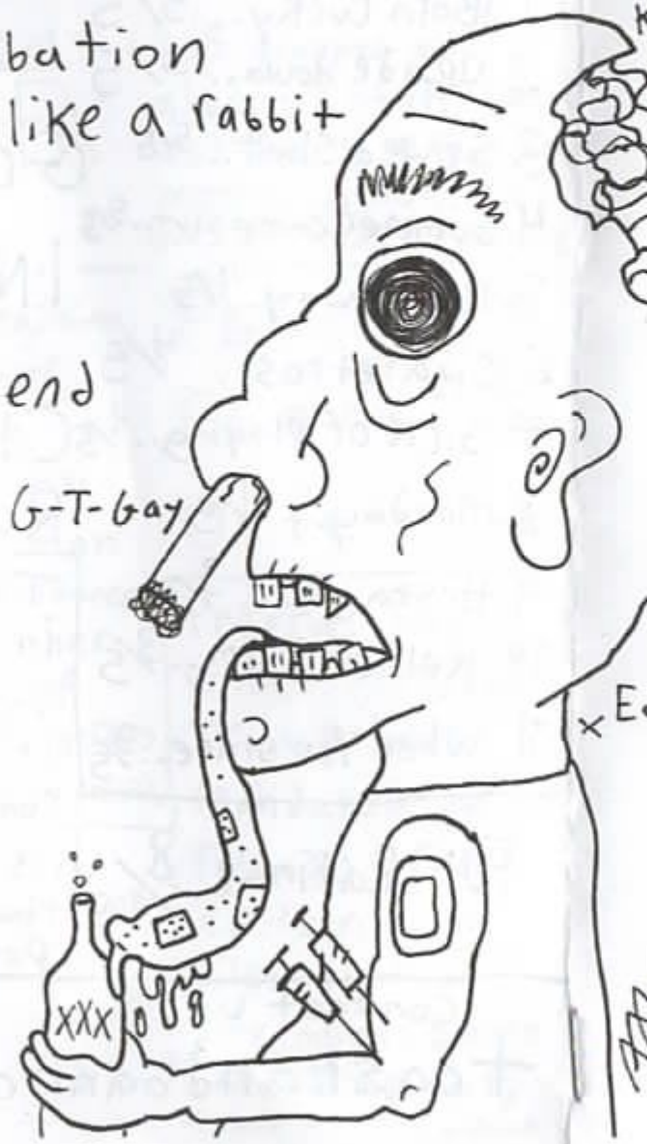
THE CONTROLLER
TO FIGHT MY CONTROLLER

—— poem by Street Carmel ——

I play on my station
To stop my bad habit
& End masturbation
SO I can fuck like a rabbit

I play GTA
For hours on end
You can call me G-T-Gay
Cause I have
A boyfriend



STRAIGHT EDGE

is the lifestyle of being a punk rawker & abstaining from alcohol, tobacco, & drugs. Its awesome & hated by tweakers who cant comprehend living without Killing their dopemine receptors. The best xSxExHxCx bands are: Gorilla Biscuts, Minor Threat, & No cure. xJohnx Straight xEdgex

I LOVE drugs. I also love alcohol & tobacco Wrecking Your Mind & body has been punk rawk since the begining of time. Its just what we do! If any poser with X's on his hands knocks a drink out of mine, IM penetrating his ass. Nothing is hardcore about following rules & staying safe. TWEAKER IS A SLUR!!

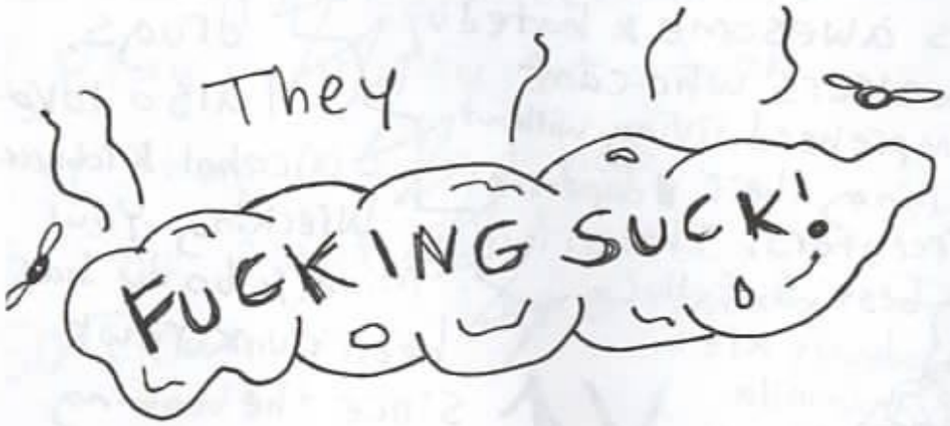
GAYEDGE

NEVER MIND THE BOLLOCKS...



The "Sex Pistols" are all posers. They weren't punks, they were regular ass dudes. Sid Vicious sucks, especially because he couldn't play bass. & he killed his girl. Shame he died before he could learn how to play bass. Shame he died before I could kill him myself.
